**Enclosure 15**

**Health and Care Professions Council  
06 December 2018**

**2018-19 Month 6 financial forecast**

**For approval**

**From Tian Tian, Director of Finance**

Council, 6 December 2018

2018-19 Month 6 forecast

Executive summary and recommendations

### **Introduction**

In response to the Grant Thornton audit review, the Senior Management Team (SMT) has proposed a revised financial regulation document.

It is recommended that as part of the change management controls, after initial approval of the annual budget, the Council should review and approve the month 6 and 9 forecast during the financial year,

The purpose of the review is to give the Council a better understanding of the year to date financial performances, as well as HCPC's plan for reallocation of the approved annual budget, in order to support the achievement the objectives of the corporate plan.

The next key steps in the budget/forecast process are:

- 17 January: Completion of the 2018-19 month 9 forecast
- 28 January: SMT budget presentation and discussion with the Chair of Council and Audit Committee
- 14 February: Council approves the 2018-19 month 9 forecast and review first draft of the 2019-20 budget.
- 20/21 March: Council approves the 2019-20 budget.

### **Decision**

The Council is asked to discuss and approve the 2018-19 month 6 forecast.

### **Resource implications**

None directly

### **Financial implications**

2018-19 budgets/resource allocation

## **Appendices**

Appendix 1: commentary on 2018-19 month 6 forecast

Appendix 2: 2018-19 month 6 forecast tables

## **Date of paper**

23 November 2018

## **Appendix 1: commentary on the 2018-19 month 6 forecast**

### **Income**

1. Forecast registrant fee income for 2018-19 is £34.5m, which is in line with the original approved 2018-19 budget.
2. Other income is forecasted to be £78k, this consists of income from European Professional Cards (EPC), which was not originally budgeted for. EPC is a one off fee professionals from European countries pay to be registered with us. In previous years this income has been allocated to the statement of financial positions instead of income statement, thus a higher income release in the current year. The EPC income does not form part of the registrant forecast model due to its unpredictable nature.
3. During the year, we have been receiving grant income from the Department of Education, for the social worker transfer project. Total grant income is forecasted to be £1m for the year, which equals the total expected spend on the project.
4. Bank interest, which is not included in the budget has been included in the forecast.

### **Expenditure**

5. Budget holders have reforecast their outturn for 2018-19 based on actual costs incurred in the first 6 months of the year.
6. The context for the reforecast includes:
  - In September, the Council approved an extra £500k to the Fitness to Practise (FTP) department, to support their case progression strategy.
  - The original budget for 2018-19 was opex of £34.7m, capex of £2.8m and a deficit of £0.1m.
  - Slippage on Registration Project Phase 1 means that Phase 2 costs originally budgeted for 2018-19 will now fall mostly in 2019-20.
  - Cost of the social worker transfer project has been included within major project department. This should be considered together with the grant income to see the true cost of the HCPC projects.
7. The month 6 forecast projects that for the full year, total expenditure will be £36m. Excluding the social worker transfer project, total expenditure is projected to be £35m; this is £294k over budget.

### **Department by department analysis**

- FTP: over spend of £930k compared with the original budget, £500k of variance relates to the additional fund approved by Council. Partner fees and travel costs is £450k overspend, this is due to the age and complexity of the hearings. On average, hearings are 1 day longer than budget.
- Office services: over spend of £257k; this is partly due to billing issues from utility firms, which meant that unexpected bills came through for previous years. There has also been increased in business rates and rent reviews which was not previously budgeted for.

- Major project: this is showing as £780k overspend, however this figure includes the social worker transfer project costs and excludes grant income. Adding grant income to the variance, overall major project revenue costs are £235k underspend. This is mainly due to delays in commencement of a number of projects, such as phase 2 of the registration transformation project.
- Registration: overspend of £65k mainly due to higher number of international applications than originally budgeted. The increase in costs is in line with the increase in international scrutiny fee income.
- Chief Executive and SMT: overspend of £61k. This is due to the change in job title and salary bands following the EMT restructure. Original budget was based on previous salaries.
- Project manager costs: £206k / 36% underspend, this is mainly due to delay at the start of the year to recruit new project managers.
- Partner department: underspend of £123k, this is mainly due to Education's decision to stop doing face-to face refresher training, therefore training scheduled for rest of the year have been cancelled. On top of this, the department has stopped using panel chair for recruitment and reduced the use of recruitment partners.
- IT: underspend of £113k, this is mainly due to adjustment to the way multi-year contracts are budgeted, plus savings in payroll costs due to vacancies.
- HR: underspend of £109k, this is due to a credit against the department's costs as part of the EMT restructure costs have been reimbursed by the Social Worker grant from Department of Education.
- Depreciation: underspend of £124k mainly due to delays in go live date of the phase 1 registration transformation project.

### **Write offs**

8. A portion of the registration transformation project cost is expect to be written off by the end of the year, this is due to a support issue for the original portal that the system was originally built on. The financial impact is estimate to be £183k.

### **Surplus / (deficit)**

9. The overall position is a forecasted deficit of £385k, compared original budget deficit of £95k, this is an over spend of £290k. However taking into account the extra £500k approved by Council in September, the forecasted result has a favourable variance of £210k compared with the expected deficit of the year (£95k plus £500k equals £595k deficit).

## **Capital expenditure**

10. Forecast capital expenditure is £1.7m compared with budget of £2.8m, this is mainly due to delays in a number of major projects, which included phase 2 of the registration transformation project. The costs are likely to be pushed to the next financial year.

## **Cashflow and balance sheet**

11. The cashflow forecast shows a net cash outflow for the year of £3.1m, this is mostly in line with the budgeted outflow of £3.3m.
12. We are required to revalue freehold land and buildings each year for our statutory accounts. The valuation will be done in March 2019. The balance sheet therefore do not include adjustment result from the valuation.

## **Reserves**

13. Our reserves policy sets a target range of free reserves of between negative three and zero months' operating costs. Our budgeted free reserves at 31 March 2019 are negative 2.0 months operating costs and based on the forecasted operating and capital expenditures will increase to negative 1.6 months operating costs. This is still within our target range.
